BEVERLY, MASSACHUSETTS

“Birthplace of the American Navy”

DOWNTOWN BEVERLY

Early American history is abundant in Beverly, Massachusetts, but few cities blend so well the old and the new. The Beverly of today was included in the territory called “Naumkeag”, settled in 1626 by Roger Conant and his followers, and set aside as a township in 1668. It was incorporated as a city in 1894. The early settlers handed down to its present generation a worthy heritage of tradition and history, along with a wealth of natural beauty and assets.

Situated only 18 miles north of Boston, Beverly is the heart of the North Shore. It has the convenience of the city, the serenity of the country and the charm of a New England seafaring town. Excellent transportation and modern highways, with a backdrop of nature's loveliest scenery, make it popular for living, business, industry, and recreation.

LYONS PARK AND DANE ST. BEACH

BALCH HOUSE

American Pioneers Roger Conant, John Balch and other "planters" built their homes here. One of the homes, the Balch House, is the oldest house in the country, and still stands as a record of early days and an attraction for visitors.

The city has many "firsts" of which to be proud. Here the first cotton mill in America was established in 1788, the first Britannia ware was manufactured in 1808, and the first Sunday School in New England was started (1810).

COLLEGE HALL—ENDICOTT JUNIOR COLLEGE

The first ship of the American Navy, the schooner "Hannah", was outfitted, armed, equipped and provisioned at Beverly. Commissioned by General George Washington, it sailed from here on its first cruise on September 5, 1775, and two days later brought in a prize. This important incident in history, recorded in original documents at the Library of Congress, made Beverly the Birthplace of the American Navy. Many other ships were also commissioned at this important port of revolutionary days, and at one time so many prizes were brought back to Beverly, it was necessary to construct new docks. Sixty vessels were in the harbor at one time . . . aided greatly the continental forces through clothing, military stores and supplies.

MEMORIAL JUNIOR HIGH SCHOOL

George Cabot in 1798 was honored by President John Adams by being named the first Secretary of the Navy.

History also reveals that baked beans originated in Beverly and later became popular in Boston. Historian Morrison noted "After teaching

Boston how to bake beans, that city took credit. After showing Salem how to fish and privateer, the larger port almost absorbed her neighbor”.

Beverly was the scene of the Summer White House of President William Howard Taft, and Benjamin Harrison summered here the year after he returned from the Presidency. It has been the home of many distinguished citizens, including Rev. Joseph Willard, D.D. of the First Church in Beverly, President of Harvard College in 1781; Nathan Dane, member of the Continental Congress; birthplace of Poetess Lucy Larcom; both Oliver Wendell Holmes, Senior and Junior; former Senator and U. S. Delegate to the United Nations; Henry Cabot Lodge, former Ambassador William Phillips and many other famous people.

Beverly is a pleasant, residential-industrial community. From fishing, commerce, and agriculture of earlier days, it has developed into a prosperous, well-balanced city. From manufacture of shoes, it grew to include the world's largest shoe machinery plant, owned by the United Shoe Machinery Corporation, Beverly's largest employer. In recent years, various types of machine tools, chemicals, metal products and electronic devices have helped expand the city's economy. Highway Route 128, opening new land for industrial use, is attracting further industry and retail trade here.

ROUTE 128

Covering 15 square miles of area, it has nine miles of coastline, including smooth white sandy beaches, rocky ledges interspersed with seaside estates or neat, well-kept homes. Back from the shore are wooded country lanes, with gentle rolling terrain and attractive homes. Approaching by land or by sea, the tall white spires of the churches can be seen nestled among the abundant foliage of the early planters' ground.

New homes in all sections, new churches and schools, enlarged hospital facilities and a convenient downtown shopping center have added to the ideal living conditions found in the community. Over 100 clubs and organizations include, improvement associations, Beverly Historical Society, veterans organizations, fraternal groups, United Fund, and social service agencies.

A progressive city government, an active Chamber of Commerce and a healthy business climate have multiplied natural advantages found here to make Beverly the kind of place people are proud to call their "home town".

BEVERLY AIRPORT

Beverly's modern Municipal Airport serves the entire North Shore and other communities in Essex County. Located just off route 128 it has excellent paved runways, the longest being 5000 ft., easy access and fine service facilities.

BEVERLY PUBLIC LIBRARY

The Beverly Public Library was established in 1855, and moved to its present building in 1913. The main floor of the library building contains two large reading rooms, reference room, charging desk, and office. In the basement is the workroom, pamphlet room and youth room. On the top floor is the auditorium seating 150, the art room, the genealogy room and storage rooms. The branch library at Beverly Farms was built in 1915. The present book collection numbers 111,940 volumes. The hours of the Main Library at 32 Essex Street are 9 a.m. to 8 p.m. Monday through Friday, and 9 a.m. to 12 noon on Saturdays. The Beverly Farms Branch at 24 Vine Street is open Monday through Friday 10:30 a.m. to 6 p.m. and Saturdays 9 a.m. to noon. The Library now has a Bookmobile which visits Centerville, North Beverly and Ryal Side, also visits all elementary schools, and shut-ins.

BEVERLY NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right even" after street description indicates even numbers on right side of street.

The symbol © following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

THE OLD "SQUARE RIG" DAY'S ARE GONE!

The old square rig days meant proper trimming of sails and the correct tack—otherwise disaster. Get rid of your "square rig" advertising—try the Directory—referred to by thousands, your ad will stay on its course.

High Hurdles. . . .

In business as well as in sports there are High Hurdles to overcome. Your ad in the Directory, where multitudes will see it, will help to overcome many of the business hurdles.
